DESCRIPTION

We are seeking an entry level Civil Engineer to complement our team. As an Edge team member, you will assist our civil engineering group in site, grading and utility design, storm water engineering, construction inspection, report writing, and research on a variety of land development and telecommunication projects. Other duties include developing reports, plan details, and engineering documents using CAD software.

To be successful in this role, you will need:

- Bachelor's Degree from an accredited University with emphasis in engineering;
- 0-2 years of experience in civil engineering;
- The ability to work collaboratively with other team members and clients;
- commitment to work efficiently and meet deadlines;
- the ability to travel (on a limited basis) for field work;
- working knowledge of basic computer skills (e.g. Microsoft Office, AutoCAD, etc.)
- Must be legally authorized to work in the U.S. without the need for sponsorship

ABOUT EDGE CONSULTING ENGINEERS
