

We believe our company is only as good as the individuals it is comprised of, which is why we seek to hire the best! Edge Consulting Engineers, Inc. was founded in 2002 and is a full-service engineering consulting firm offering civil, structural, environmental and telecommunication engineering services to public and private sector clients throughout the upper Midwest. We are proudly headquartered in Prairie du Sac, Wisconsin on the bank of the Wisconsin River, with a branch office in Burnsville, MN. We are dedicated to the long-term success of our clients, their projects, our company, and the people within our organization. As a result, we go beyond completing the specific tasks we are assigned, and do what is necessary to exceed expectations. If this philosophy aligns with your own, consider a career opportunity with Edge!

**POSITION :**

Environmental Scientist

**LOCATION :**

Prairie du Sac, WI

**STATUS :**

Regular, Full-Time, Salary

**DESCRIPTION :**

Edge Consulting Engineers, Inc. is seeking a highly motivated and detail-oriented entry-level environmental scientist to become an integral member of our environmental team. This is a full-time position located in our Prairie du Sac office. This position is comprised of environmental duties with emphasis on completing Phase I Environmental Site Assessments, soil and groundwater sampling, NEPA screenings, and permitting; but must also be willing to dedicate significant time to assisting with other tasks as the need arises. You will be working in a fast-paced, ever-evolving industry assisting our environmental team. The ideal candidate would be hard-working, adaptable, work well in a team setting, pay strong attention to detail and have technical writing skills.

**Primary responsibilities:**

- Performing all aspects of Phase I Environmental Site Assessments, including but not limited to: interviews, imagery and data interpretation, and historical and background research
- Soil and groundwater sampling, analysis, and reporting
- Utilizing the Microsoft Office suite to compose compliance reports in accordance with NHPA and Section 106 guidelines
- Assisting with other permitting and compliance documentation to satisfy with various government regulations and/or customer requirements
- Gathering and interpreting technical data from various sources
- Adhering to company policies, procedures and confidentiality requirements surrounding the services provided to clients
- Demonstrating a sense of urgency in meeting client commitments and deadlines with an unwavering focus on quality

**DESIRED SKILLS / ABILITIES :**

- Associates or Bachelor's degree in Environmental Science or related field
- Current OSHA 40-hour HAZWOPER certification or willingness to learn on the job is required
- Ability to perform field work as needed; a valid driver's license, good driving record, and access to a vehicle are required; the position will involve travel
- Experience in or understanding of the ASTM 1527-21 Phase I standard, National Environmental Policy Act (NEPA), or regulatory compliance work is preferred, but not required
- Strong computer skills, including a working knowledge of MS Office Suite (primarily Outlook, Excel and Word)
- Exceptional attention to detail and the ability to consistently perform quality work

- Requires strong oral and written communication skills
- Willingness to work both independently and within a team, and demonstrate a sense of urgency in achieving goals and deadlines
- Strong customer service orientation and the ability to work collaboratively with teams, clients and officials required
- Must be legally authorized to work in the U.S. without the need for sponsorship
- Follow all safety guidelines and regulations

### **Why Choose Edge Consulting Engineers?**

We offer a competitive salary, with the potential to earn quarterly performance-based bonuses, and a wide array of benefits to help you care for your health and wellness and meet your personal needs outside of work as well. We believe in work-life balance, which is why we offer a flexible full-time work schedule that allows employees Friday afternoons off all year round, as well as a business casual dress work environment all week long! We believe in helping you save for your future by offering a 401(K) plan with a generous company match, as well as a profit-sharing plan. We also enjoy a fun work environment that includes periodic company sponsored events and team building activities.

### **What type of person thrives at Edge Consulting? Individuals who:**

- enjoy working on cutting edge telecommunications networks and fast paced projects;
- thrive in a challenging atmosphere and desire the ability to work with a team to help our clients succeed;
- are dedicated to exceeding customer expectations and won't back down from a challenge;
- want to work for a company that is focused on long-term success rather than the next quarter;
- are committed to personal growth and development and take a continuous learning approach.
